Project Description

Grace Hill Neighborhood Health Centers has been providing care to underserved communities since 1906. Services are provided through five community health centers located in city neighborhoods covering 45 census tracts. Since 1987, Grace Hill has administered the HCH program serving nearly 9,000 individuals each year.

Services

Services include primary medical and dental care, obstetrics, GYN, pediatrics, optometry, case management, pharmacy, and transportation. Grace Hill contracts with the health department and three community health centers to provide primary care, respite, mobile dental, pharmacy, and case management services, and with the Salvation Army Harbor Light Center for substance abuse and detox services.

Linkages

Grace Hill has developed linkages with nearly 30 homeless shelters, and health and specialty care providers, including Washington University Barnes Jewish Hospital, South Illinois University School of Nursing.

Project Description

Swope Health Services provides health care and support services (outreach, case management, drug-related services and counseling) for individuals who are homeless.

Services

Swope Health Services, a community health center and behavioral health center, provides primary care through adult medicine clinics, OB-GYN, pediatrics, dental visits, with auxiliary services of radiology, laboratory and pharmacy. Homeless outreach provides health and support services at shelters, soup kitchens, drop-in centers, treatment facilities and on the streets and homeless camps.

Linkages

Through a Homeless Services Coalition, the program is linked to all community service providers.
