Project Description

For the past 30 years, Migrant health Center (MHC) has provided accessible comprehensive health, dental, and social services to the 15 municipalities comprising the western region of Puerto Rico. The center has six clinics strategically located in hard to reach underserved communities.

Services

Services include medical evaluations, OB/GYN, oral care, pediatrics, mental health, evaluations by nutritionist and social worker, onsite laboratory and pharmacy, health education, HIV counseling and testing, outreach activities for high risk populations, and HIV prevention services for intravenous drug users. MHC works in collaboration with the Puerto Rico Department of Health and its Regional Immunology Clinics. Referrals to substance abuse treatment, emergency health care, and other services are coordinated through a long list of agencies that have collaborative agreements with MHC.

Linkages

MHC has linkages with numerous agencies, including Estancia Corazon, Alianza Positiva, Hogares CREA, Hogar Jesus, Zeta Enterprises, Immunology Clinics, and the Department of Social Services.
